

Myomo to Report First Quarter 2018 Results on May 9, 2018

Management to hold a conference call at 4:30 p.m. EDT

May 03, 2018 08:00 AM Eastern Daylight Time

CAMBRIDGE, Mass.--([BUSINESS WIRE](#))--Myomo, Inc. (NYSE American: MYO) ("Myomo" or the "Company"), a commercial stage medical robotics company, today announced that it will release its financial results for the first quarter 2018 on Wednesday, May 9, 2018, after the US markets close.

The Company will host a conference call on Wednesday, May 9, 2018 at 4:30 p.m. EDT featuring remarks by Paul R. Gudonis, Chairman and Chief Executive Officer, and Ralph A. Goldwasser, Chief Financial Officer. The conference call will be available via webcast and can be accessed through Myomo's [Investor Relations](#) page. Please allow extra time prior to the call to visit the site and download any necessary software to listen to the live broadcast.

To dial into the conference call, please dial 1-877-270-2148 from the U.S. or 1-412-902-6510 internationally. Please instruct to be joined into Myomo's earnings conference call. A replay of the conference call will be available approximately one hour after completion of the live conference call at the [Investor Relations](#) page. A dial-in replay of the call will be available until May 23, 2018; please dial 1-877-344-7529 from the U.S. or 1-412-317-0088 internationally and provide the passcode of 10119821.

About Myomo

Myomo, Inc. is a commercial stage medical robotics company that offers expanded mobility for those suffering from neurological disorders and upper limb paralysis. Myomo develops and markets the MyoPro product line. MyoPro is a powered upper limb orthosis designed to support the arm and restore function to the weakened or paralyzed arms of patients suffering from CVA stroke, brachial plexus injury, traumatic brain or spinal cord injury, ALS or other neuromuscular disease or injury. It is currently the only marketed device that, sensing a patient's own EMG signals through non-invasive sensors on the arm, can restore an individual's ability to perform activities of daily living, including feeding themselves, carrying objects and doing household tasks. Many are able to return to work, live independently and reduce their cost of care. Myomo is headquartered in Cambridge, Massachusetts, with sales and clinical professionals across the U.S. For more information, please visit www.myomo.com.
