myomo
my own motion

NOTE: To play MyoGames, your Myomo laptop needs to be connected to the Internet.

STEP 1: CONNECT YOUR MYOMO LAPTOP TO YOUR WIRELESS NETWORK:

1. SELECT INTERNET SYMBOL	2. SELECT AND CONNECT TO NETWORK
Click the **Show hidden icons** arrow ∧ next to the notification area at the bottom right. Select the Internet icon 🌐.	Select the name of the wireless network account you wish to connect to and click "**Connect**". (Tip: Check the "**Connect Automatically**" box.) Enter the login credentials and follow additional instructions, if any. **NOTE**: If the "Connect Automatically" box was checked, your laptop will connect to the network automatically the next time and you can skip this first step.

STEP 2: USER LOGIN AND BLUETOOTH PAIRING:

| 3. POWER ON DEVICE	4. LAUNCH GAME
Don your MyoPro and Power it on. Ensure the device is in **Stand-By mode**.	Launch the MyoGames App (e.g. Basketball) on the laptop by double-clicking the game icon.

## STEP 2 (CONTINUED) : USER LOGIN AND BLUETOOTH PAIRING:

5. ENTER LOGIN INFORMATION

Enter your login credentials and click the '**LOGIN**' button. Your login credentials will be provided by Myomo and stored on your local drive.

TIP: If you do not log out at the end of the session, you will skip this step the next time you play.

6. SELECT DEVICE TO PAIR

If your MyoPro serial number doesn't appear in the dropdown menu, click '**Search for Available Devices**'. Select your device and click '**Next**'.

On the next screen, the Bluetooth icon will change from grey to blue indicating connection between MyoPro and the game.
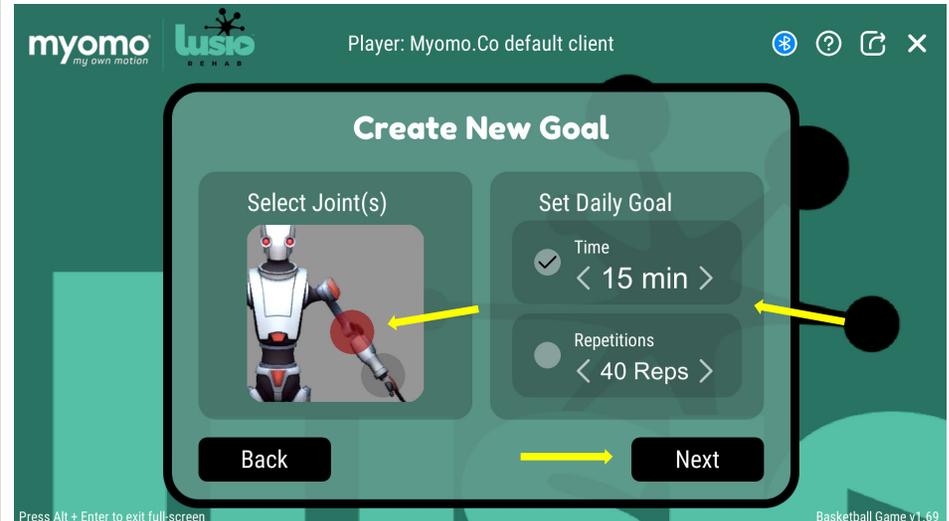

STEP 3: CHOOSE EXISTING GOAL OR CREATE A NEW GOAL

7. SELECT GOAL	8. SELECT JOINT(S) AND TIME/REPETITIONS
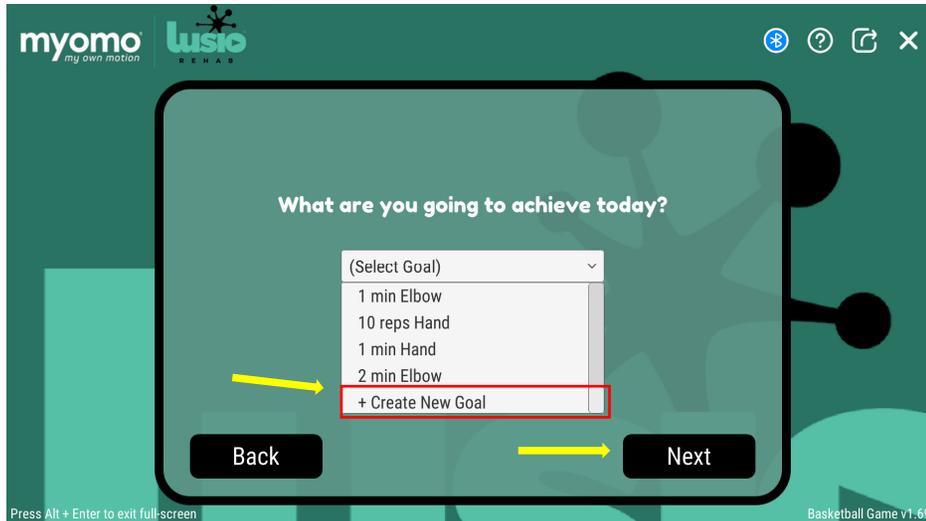

Select your goal from the dropdown menu on the goal selection screen. If the goal was previously saved, you will skip the next two screens and go directly to step #4.

To create a new goal, scroll down to select '**Create New Goal**' and click '**Next**'.

Select the appropriate joint(s) and set the daily goal. Click '**Next**'.

NOTE: Please consult with your therapist to set appropriate goals based on your individual progression in therapy.

NOTE: This screen (8) and the Position Setup screen (9) are ONLY available when a new goal is created. Selecting an existing goal will proceed the game to the Trophies / Difficulty Level (10) page.

STEP 4: SELECT POSITION AND DIFFICULTY LEVEL

| 9. POSITION SETUP	10. SELECT DIFFICULTY LEVEL
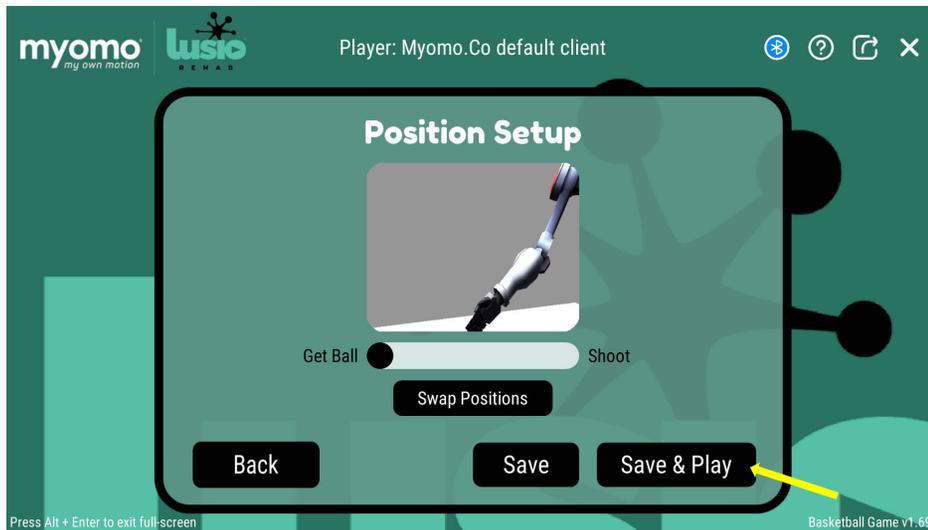

Set your MyoPro from Stand-by mode to an appropriate mode (e.g. Bicep) based on your therapist's recommendations. This can only be done using your MyoPro and cannot be controlled with the game.

<u>Click the **'Swap Positions'** button once to calibrate</u>. This button also allows the reversal of the 'Get Ball' and 'Shoot' action for a given joint (elbow and/or hand) position.

Move the joint to verify game action and click '**Swap Positions**' again if desired.
Click '**Save & Play'** to play game or '**Save'** to return to the goal selection screen to select a different goal.
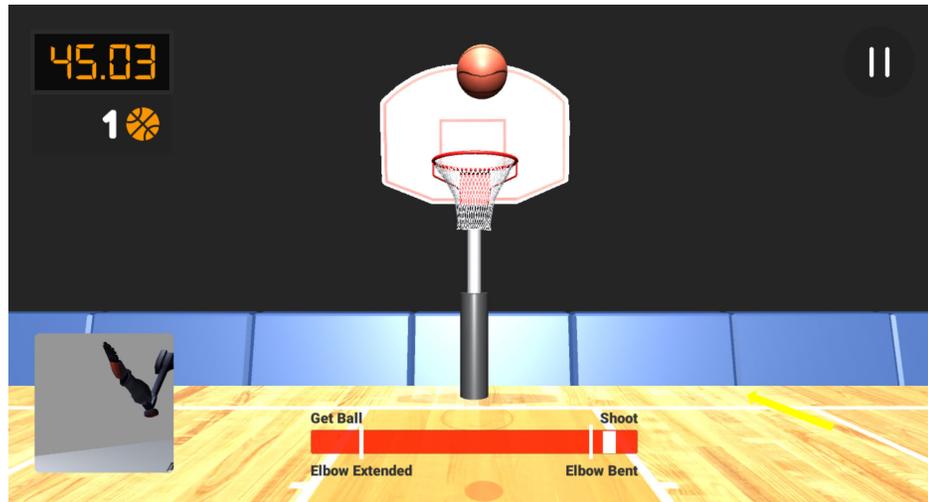

Choose the appropriate difficulty level to start playing the game.

<u>**NOTE:**</u> Trophies for the goal earned in the past week will appear on this page.

STEP 5: PLAY GAME

11. MOVE JOINT TO SHOOT OR GET A NEW BALL

Move your elbow and/or your hand according to the indication on the screen to either get a new ball to appear or to shoot the ball.

Each game is 60 seconds long. The timer shows the remaining time to play and a counter scores the number of successful shots made.

12. HAVE FUN PLAYING

Have fun and enjoy!

On meeting your daily goal, you will collect a trophy. You can view the trophies earned for the goal over the past week on the Trophies / Difficulty Level selection screen (10).
